Submit a completed privacy impact assessment (PIA) before starting a new College Initiative or significantly changing an existing College Initiative that directly collects Personal Information, or results in the collection of Personal Information by CNC or a CNC service provider.

BC's Freedom of Information and Protection of Privacy Act (FIPPA) defines an "Initiative" as any enactment ("policy/procedure"), system (conceptual or technical), project, program, or activity.

Contact the Privacy Office at foipp@cnc.bc.ca to receive support determining whether any change in how College employees are completing their duties to the College may require a Privacy Impact Assessment.

Read through this form entirely before starting to populate it. Each question is designed to capture specific information for review.

Some information recorded in the PIA may be confidential or proprietary and not intended for distribution. Before you share the draft or completed PIA (internally or externally), please contact CNC's privacy office at foipp@cnc.bc.ca for guidance.
