### Why do I need to do a PIA (Privacy Impact Assessment)?

Section 69(5.3) of the *Freedom of Information and Protection of Privacy Act* (FIPPA) requires the head of a public body to conduct a privacy impact assessment (PIA) in accordance with the directions of the minister responsible for FIPPA. Public bodies should contact the Information Governance Officer to determine internal policies for review and sign-off of the PIA. If you have any questions about this PIA template or FIPPA generally, please contact Adam Cullum (Information Governance Officer) at [adam.cullum@unbc.ca](mailto:adam.cullum@unbc.ca) or (250) 960-5139 or visit <http://www.unbc.ca/foippa>.

### What if my initiative does not include personal information?

Public bodies still need to complete Part 1 of the PIA and submit it along with the signatures pages to Information Governance Officer even if it is thought that no personal information is involved. This ensures that the initiative has been accurately assessed.

Depending on the complexity of your initiative, you may choose to provide one general diagram for the initiative, and more specific diagrams for particular components. If multiple organizations will collect, use, or disclose personal information, the diagram should identify how each organization is involved in the initiative.

**Example:**

Remove examples and replace them with how personal information flows in your initiative under Description/Purpose. Separate each step into a new row and place these steps in chronological order of how the information is used. Add additional lines as needed until you have completely described all collection, use, disclosure, and disposition of the information. The Information Governance Officer will complete the type and FIPPA authority columns.
